FATAL FIRE IN TODAY

ONE MAN BURNED TO
DEATH AND ANOTHER SERIOUSLY
INJURED EARLY TODAY.

PHOTOGRAPHER WAS VICTIM

Door of Room Occupied by E. V.
Evans, Photographer, Found Locked
—Fire Believed to Be Work of In-
cendiarists.

Topeka, Kan., Aug. 31.—One man
was burned to death, another seriously
injured and a property loss exceeding
\$100,000 resulted here early this
morning from a fire in the business
district.

E. V. Evans, a photographer, who
lived in his studio, lost his life. The
door leading to his office, through
which he might have escaped, was
locked and he was unable to break
it down.

E. E. Bancroft, acting fire chief, was
slightly hurt by falling ceiling.
The fire was started in a furniture
store, and it is believed to have been
of incendiary origin.

ANOTHER OUTRAGE AROUSSES COMMUNITY

ARMED MEN SCOURING COUNTRY
NEAR DURANT FOR ANOTHER
NEGRO—RACE FEELING HIGH.

Durant, Okla., Aug. 30.—Five hun-
dred armed men are tonight search-
ing the country east and south of
Durant for a negro who today chased
Mrs. J. S. Ferrell and her children
through a cotton patch at their home
near Picie. If captured the negro
will probably be lynched. The negro
was noticed by one of the children
who saw him creeping through the
cotton. When the child ran screaming
to its mother the negro pursued and
chased Mrs. Ferrell and children to-
ward the house. He was frightened
away by James Melton, a neighbor,
who fired twice at him. Officers were
notified and with citizens soon went
in search of the negro. Late tonight
he was reported headed south toward
Colbert, where there are many negroes.

This is the third attempted negro
outrage in this county since the kill-
ing of a woman by a negro at Durant
about two weeks ago. A general ex-
pulsion of negroes may result as re-
cent assaults have alarmed the entire
county. It is probable that serious
trouble may result.

The old saying, oft heard during
slavery, "Niggers are bad in dog days"
seems the only explanation of the epi-
demic of negro outrages which has
terrorized this entire county for the
past three weeks and which on at
least two occasions have come dan-
gerously near precipitating a war of
extermination against the blacks.

ANTI-CIGARETTE LEAGUE.
State Organizer Lister Has Fine En-
couragement in Tishomingo.
J. B. Lister, state lecturer and or-
ganizer of the Anti-Cigarette league,

has returned from Tishomingo where
he has been for the past week in the
interest of the work. He reports that
he received much encouragement and
support and perfected an organization
in that town with the following mem-
bers: Judge Nick Wolf, chairman; R.
R. Brandt, R. H. Scott, G. W. Low-
ery, J. C. Rome, Ed Green and W. W.
Mellon are members of the commit-
tee. Sheriff J. M. Williams will act
as juvenile officer and will notify
store keepers to burn cigarette papers
and promises to enforce the law
against the sale of them. With the
support of the sheriff and city mar-
shal it begins to look as if "snipe
sucking" and "pill rolling" in Tish-
omingo will soon be a thing of the
past. Mr. Lister also received the
support of the superintendent of the
schools at Tishomingo and has been
invited to deliver one of his lectures
there as soon as school starts.
Mr. Lister will go to Davis tomor-
row and begin the work there.

GETS NOMINATION BY UNANIMOUS VOTE

MADERO RECEIVES NOMINATION
OF PROGRESSIVE PARTY FOR
PRESIDENT.

City of Mexico, Aug. 30.—With no
dissenting voice, Francisco I. Madero
this afternoon received the nomina-
tion of the progressive party for pres-
ident, but Dr. Francisco Vasquez
Gomez, his old running mate and
erstwhile agent of the revolution at
Washington, was grilled by partisans
of three other candidates for the vice
presidency.

When the convention adjourned to-
night the candidacy of no other man
for the vice presidency than Vasquez
Gomez had been considered. Jose
Pino Suarez confined a favorite in
the betting, with Alfredo Robles Do-
minquez as second choice. A ballot
tonight probably would have resulted
in a division of honors for third place
between Dr. Vasquez and Fernando
Telesforo Calderon.
Madero was the only candidate for
the presidency whose name was
placed before the convention. No
speech was made. The chairman an-
nounced his candidacy, went through
the formality of asking if there were
others, and was greeted by a chorus
of "nos." One delegate, seated on
the stage, attempted to make a speech
in Madero's support. The delegates
shouted him down and called for a
vote.

Nomination Is Unanimous.
It was unanimous. An instant later
every delegate was on his feet and to
their chorus of vivas was added that
of the spectators in the galleries. For
fully ten minutes the uproar contin-
ued.

At 9 o'clock tonight the committee
which had been sent to notify Ma-
dero of his nomination reported that
he had accepted and had agreed to
appear before the body at 11 o'clock
tomorrow. The delegates seized up-
on this as an excuse for another out-
break of applause, which resulted in
adjournment, following the adoption
of the resolution that he entire body
should march immediately to Ma-
dero's home in Colonia Juarez.

Impromptu speeches were then ex-
changed and it was late in the night
before the newly created politicians
left for their hotels.

WON'T RELY ON INSANITY PLEA

DEFENSE IN BEATTIE TRIAL AN-
NOUNCED TODAY THAT THERE
WILL BE NO INSANITY PLEA.

ATTACK COUSIN'S TESTIMONY

Defense Producing Witness to Refute
Evidence of Paul Beattie—Witness
Says Paul Beattie Had the Shot-
gun.

Chesterfield Court House, Va., Aug.
31.—The defense in the Henry Clay
Beattie, Jr., trial today definitely an-
nounced that no insanity plea would
be used.

Continued attacks on the testimony
of Paul Beattie, as to the history of
the purchase of a shotgun for his
cousin, Henry Clay, the defendant,
was brought out at the trial today.
The statement from E. H. Nebitt that
he saw Paul with the shotgun on the
day after he claimed to have delivered
it to Henry, was most important. On
cross-examination, Nebitt said that
he had only given this information
to counsel for the defense. He says
he had not thought it of importance
until Paul Beattie denied it on the
stand.

The defense late yesterday pro-
duced testimony confirming Beattie's
story of the bearded highwayman, W.
R. Holland, who lives in the vicinity
of the Middlethian Turnpike, where
the tragedy occurred, declared that he
had seen a bearded man with a shot-
gun in that vicinity about five hours
before the tragedy occurred. Eugene
Henshaw, a farmer, testified to see-
ing a strange looking man prowling
around in that vicinity on several oc-
casions previous to the night of the
killing.

The prosecution announces today
that it will produce the man who
passed along the railroad at the time
testified to by Holland yesterday, who
was a squirrel hunter on that date.

Galvin, of Maitland, Mo., and his son,
D. A. Galvin, a prominent banker,
were instantly killed and Harry Q.
Crisler, former postmaster of Mait-
land, was probably fatally injured
when their auto upset near Marys-
ville, Mo., today.

ously hurt.

causing the machine to turn over.

TEN SEAMEN WERE RESCUED

SURVIVORS FROM SOUTHEAST-
ER STORM BROUGHT INTO NEW
YORK BY STEAMER MOHAWK.

THEY BARELY ESCAPED DEATH

Men Were Clinging to the Crumpling
Hulk of the Schooner Malcolm B.
Seavey, When Rescued by Passing
Vessel—One Lost.

New York, N. Y., Aug. 31.—Ten
seamen, who were snatched from
death in the great storm that bat-
tered the south Atlantic coast, were
brought here by the steamer Mohawk,
Tuesday morning.

The Mohawk rescued them from
the crumpling bulk of the schooner
Malcolm B. Seavey, while the sea
was pounding the ship to pieces off
the Carolinas.

Eleven men were originally in the
schooner's crew, one Portuguese sail-
or being swept overboard.
Captain Dodge was almost helpless
from the battering received while
clinging to a spar.

SCHOOL BOARD IN CALL SESSION

COMPLETE ROSTER OF TEACH-
ERS—ALL ARE READY NOW FOR
OPENING OF SCHOOL.

The school board met in called ses-
sion at the city hall this morning for
the purpose of electing teachers to
fill the vacancies that existed in
the faculty.

The teachers elected this morning
were Mrs. Mary Bagwell, Miss Ethel
Nelson and Miss Ruth Hopson. The
election of these teachers, completes
the faculty for this year, and every-
thing is in readiness now for the
opening of the schools on the evel-
enth of September. The matter of the
site for the new high school build-
ing was not taken up. Another bid
for the site, however, was delivered
to the board, which makes a total of
about nine sites that have been of-
fered. There is considerable specu-
lation as to where the building will
be located and it is probable that the
matter may be settled by a vote of
the people. This statement, however,
did not come from a member of the
school board. The selection of this
school site has caused more interest
than any problem that has been up
in Ardmore for some time. A number
of suitable locations have been offered
and could be secured, but no location
will of course please every one, and
the selection will not be made until
the matter is thoroughly considered.
Judging from the expressions of the
greater part of the people who have
been asked about the matter, it would
indicate that the old Hargrove Col-
lege location at the end of D street,
northwest, is the more acceptable to
the greater part of the people.

ENGLISH FIGHTER WINS

New York, N. Y., Aug. 31.—Matt
Wells, the English lightweight, had
much the better of last night's 10-
round fight with "Knockout" Brown
of this city. Although no decision
was rendered by the referee, the En-
glish fighter, was entitled to it. A
large crowd witnessed the fight, which
was the second held here since the
new boxing law went into effect.
Fourteen thousand people witnessed
the fight.

Does Your Business Now, or will it ever likely need a Strong and a Willing Bank- ing Institution back of it?

THE best way to establish a credit at The
First National Bank is to carry an account
with it, and it cordially invites the Farmer, the
Cattleman, the Merchant, the Mechanic, the
Professional man and the Laborer, and all
others who desire to gain ground financially to
open an account with it.

Assets of nearly ONE MILLION DOLLARS make the position
of this bank a unique one for strength. Credit extensions are
made on approved collateral to its customers and friends on the
most favorable terms.

The business of the farmer often needs a little extra finan-
cial assistance if it is growing and prosperous. That is one of
the reasons why the farmer should have a strong and a willing
bank behind him. It is an important function of this bank to
give temporary assistance to farmers who have demonstrated
their ability to repay obligations when due.

Accounts both large and small are welcome and are given
equally considerate and efficient attention, and we cordially in-
vite individuals and institutions to enter into relations with us.

One of the great purposes of the First National Bank is to
foster safe and legitimate enterprises and to discourage specu-
lative and hazardous risks. Its officers and board of directors are
conservative business men who never engage in any questionable
or speculative undertaking and who have made a success of their
own affairs and their counsel is willingly given to those whose
banking relations have been established with us.

This bank has always contributed most largely to the funds
that have cared for the cotton crop and the farmers who desire
to hold their cotton for better prices can make arrangements with
us to take care of their necessities during the sluggish periods of
the market.

Our bank is operated along the lines most needed for the
development of the country. We would rather with small loans
bridge over the tight places for a hundred good men and cus-
tomers than to devote all our energies to a half dozen large con-
cerns.

For the convenience of its customers, friends and the public
in general the bank has a complete arrangement by which it can
issue its checks direct on every principal city in every country
in the world, and every principal city in every country in the
world can draw their checks direct on us.

We realize that we have a useful place to occupy in the local
commercial world. Will you make this bank YOUR bank and
allow us to widen the scope of our usefulness? We cordially in-
vite you to do so.
